Quality Check			
TRAIN Entry			
Class Code			

EMPLOYEE NAME: Hari Naicker (PRINT/TYPE) **S #:** 138760 **MANAGER/DESIGNEE NAME:** Sunming Qin (PRINT/TYPE)

WORK LOCATION: EROB

Purpose of Checklist: To assist newly hired or newly assigned employees in becoming aware of their role in 1) Workplace Safety and INL Environmental Policy, 2) INL Safety Program, 3) Competence Commensurate with Responsibilities (CCR), 4) Workplace Concerns and Investigations, 5) Administrative, 6) Records, and 7) Security, relative to their new job position and/or new work area. Each item should be initialed by the mentor or the employee.

Applicability: New or Reassigned/Transferred Employees – including interns, staff-augmentation, academic visitors, and post-docs.

Guidance to Managers: Completion of this checklist is required **within the first 4 weeks (1 week for interns)** of the new employee's start date or when an employee changes primary work location. Each item must be discussed with the employee as it relates to the job position or work area. Mark any items not applicable with N/A. As a manager, you may assign a mentor/designee to walk through and complete this checklist with a newly assigned employee.

NOTE: *The identification and documentation of training requirements pertaining to subcontracted personnel are defined in LWP-7201, "INL Construction," and LWP-7205, "INL Service Work."*

---

1. **WORKPLACE SAFETY AND INL ENVIRONMENTAL POLICY** Conduct a facility walkthrough to identify and/or discuss the following items:

✓	Workplace hazards and controls (physical, chemical, biological) as applicable.
✓	Computer workstation ergonomic assessment (download the Computer Workstation Checklist as applicable).
✓	Tools and equipment use (required training, safety precautions, operating procedures).
✓	Environmental policy (employee's role in protecting the environment).
✓	Personal protective equipment (PPE) specific to the job.
✓	Time Out / Stop Work Authority – emphasizing your endorsement of its value and appropriateness (LWP-14002).
✓	Emergency response actions (take shelter, evacuation, and building evacuation alarms).
✓	Evacuation planning for employees with limited mobility (LWP-16100).
✓	Location of exits, assembly areas, and safety equipment.
✓	Reporting injuries, accidents, and concerns (Issues Management System: LabWay and LWP-13840). (Optional: See course 00INL489 for information on the issues management program.)
✓	Locate the nearest Public Access Defibrillator in your workspace.
✓	Dispensary services (hours and location).
✓	Lessons learned appropriate to the job position including any recent events, injuries, and slips, trips, and falls
✓	Vehicle safety (slow parking lot speed, pedestrian interface).
✓	ESH&Q personnel supporting mission or project.

---

2. **INL SAFETY PROGRAM** Discuss roles in INL safety program and management's commitment to safety:

✓	Familiarize employees with INL's safety resources, policies, goals, safety team structure, and encourage active safety participation (Safety).

BEA NEWLY ASSIGNED EMPLOYEE OR BEA-DIRECTED INDIVIDUAL CHECKLIST (00INL605)

3. COMPETENCE COMMENSURATE WITH RESPONSIBILITIES (CCR) Complete the following:

✓	Provide employee with a copy of their Job Description (JD) from the Compensation website and discuss duties and expectations.
✓	Work with your organization's Training Coordinator to establish or update the individual's training plan to include required training job codes and other training requirements.
✓	If employee is required to obtain and maintain a Radiological Worker qualification, then complete Form 361.C41, Radiological Worker Mentoring Checklist.
✓	Education participant only. Review education programs syllabi.

4. Employee Concerns Program Discuss the following:

✓	Employee Concerns Program (ECP) process (per PDD-257).

5. ADMINISTRATIVE Discuss the following:

✓	Introduction of fellow employees.
✓	Name list – phone directory and guidelines, long distance, org charts, etc.
✓	Work schedules – staff meetings, lunch breaks, etc.
✓	Location of cafeteria, break rooms, restrooms, common-use equipment, etc.
✓	Calling in when sick – contact person(s).
✓	Charging practice – what charge numbers are and how they are used, filling out electronic time sheets.
✓	Explain home org/work org (matrixing) if applicable.
✓	Mailbox location, mail stop, and local address.
✓	Requirements overview – learn how requirements tie to programs and procedures (see the Requirements Management homepage).
✓	Tenant Use Agreement (TUA), i.e., who is responsible for what is in the building/facility.
✓	Other organizational/job specific administrative issues.

6. DOCUMENT AND RECORDS MANAGEMENT Discuss the following:

✓	Documents used for performance - familiarization with the electronic document management system (EDMS).
✓	Records Coordinator for organization.
✓	Applicable records types list (record types maintained by organization).

7. SECURITY Discuss the following:

✓	Handling procedures for Controlled Unclassified Information (CUI) (per LWP-11202). Introduce to CUI Reviewer for the department.
